SOLID WASTE FACILITY PERMIT

Facility/Permit Number:

39-AA-0016

2. Legal Description of Facility (attach map with RFI):

Lot Numbers 1, 2, 3, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, and 16 in Block Number 4 and portions of Lot Numbers 9, 11, 15 and 16 in Block Number 3 of City of Stockton Assessor's Parcel Map 147-03.

3. Findings:

- a. This permit is consistent with the County Solid Waste Management Plan, pursuant to Public Resources Code, Section 50000.
- b. This permit is consistent with standards adopted by the California Integrated Waste Management Board (CIWMB), pursuant to Public Resources Code, Section 44010.
- c. The design and operation of the facility is consistent with the State Minimum Standards for Solid Waste Handling and Disposal as determined by the enforcement agency.
- d. The local fire protection district, the City of Stockton Fire Department has determined that the facility is in conformance with applicable fire standards as required in Public Resources Code, Section 44151.
- e. The City of Stockton filed a Notice of Determination with the San Joaquin County Clerk on October 29, 1996, pursuant to Public Resources Code, Section 21152.
- f. A County-wide Integrated Waste Management Plan has not been approved by the CIWMB.
- g. The City of Stockton Community Development Department has made a determination that the facility is consistent with, and designated in, the applicable general plan, pursuant to Public Resources Code, Section 50000.5(a).
- h. The City of Stockton Community Development Department has made a written finding that surrounding land use is compatible with the facility operation, pursuant to Public Resources Code, Section 50000.5(b).

4. Prohibitions:

The permittee is prohibited from accepting any residential refuse, sewage sludge, septic tank pumpings, agricultural wastes, cannery waste, liquid waste, dead animals, untreated medical waste, non-hazardous waste requiring special handling, designated waste or hazardous waste unless the acceptance of such waste is authorized by all applicable permits.

SOLID WASTE FACILITY PERMIT

Facility/Permit Number:

39-AA-0016

Self Monitoring:

The owner/operator shall submit the results of this self-monitoring program within 30 days of the end of the reporting period unless otherwise specified:

Program	Reporting Frequency	Agency Reported To
a. Types and quantities of waste entering the site per day and per month.	Quarterly	Enforcement Agency (EA)
b. Types and quantities of goods recycled/salvaged per month.	Quarterly	EA
c. Number of vehicles entering the site per day and per month.	Quarterly	EA
d. Copies of all written complaints regarding this facility and a description of the actions taken to resolve these complaints.	Quarterly	EA
e. Results of the hazardous waste screening program.	Quarterly	EA

17. EA Conditions:

- a. This facility shall comply with all federal, state and local requirements and enactments including all mitigation measures given in any certified environmental document filed pursuant to Public Resources Code, Section 21081.6.

The owner/operator shall maintain copies of this and all other permits issued for the operation of this facility, a copy of the most recent inspection report, a copy of the most recent printing of the State Minimum Standards for Solid Waste Handling and Disposal [California Code of Regulations (CCR), Title 14, Division 7, Chapter 3].

- c. This permit is subject to review by the EA and may be suspended, revoked or modified at any time for sufficient cause.
- d. The EA reserves the right to suspend or modify waste receiving operations when deemed necessary due to an emergency, a potential health hazard or the creation of a public nuisance.
- e. The operator shall maintain a log of special occurrences. The log shall include, but is not limited to: Fires, explosions, earthquakes, discharge of hazardous substances, significant injuries, accidents or property damage. Each log entry shall be accompanied by a summary of any actions taken by the operator to mitigate the occurrence. The operator shall maintain this log at the facility so as to be available at all times to site personnel and EA personnel.

Any change that would cause the design or operation of the facility not to conform to the terms and conditions of this permit is prohibited. Such a change may be considered a significant change, requiring a permit revision. In no case shall the operator implement any change without first submitting a written notice of the proposed change to the EA at least 120 days in advance of the change.

- g. This facility has a permitted capacity of 500 tons per day and shall not receive more than this amount without a revision of this permit.
- h. Safety equipment shall be utilized as described in the Report of Station Information.

A copy of this permit shall be maintained at the facility.
